

**The University of Science and Arts of Oklahoma
Protection of Expressive Activities Report 2021**

1. Information regarding the protection of public expressive activities is made public in the Science & Arts Facilities Manual, the Science & Arts Student Handbook, on the Science & Arts website, and during new student orientation processes.
2. Science & Arts has developed materials, programs, and procedures to ensure that necessary staff are trained to understand the policies, regulations, and duties regarding free expression on the Science & Arts campus.
3. There have been no barriers to or incidents of disruption of free expression occurring on the Science & Arts campus in 2021.

Report prepared by Monica Treviño, Vice President for Student Success and Human Resources and Nancy Hughes, Associate Vice President for Student Services and Human Resources.

Approved by the President, Dr. John H. Feaver.
