

## Minutes 9-1

### Advisor's Report:

Think about Constitution Day on September 17. Plan something by the end of the week.  
Renew organization by Friday and upload most current copy of our constitution.

### President's Report:

Facility request was successful and we should be able to have senate meetings in the Davis Amphitheater.

We have seven senate nominations and we want to extend the deadlines and we need to figure out how we want to seat our senate this year.

Vote to extend nomination deadline to Saturday, September 5 at 5pm:

4 yes 0 no 1 abs

We will extend the deadline and email out nomination forms again.

We will also consider appointing senators to fill vacant spots for the four class wards as well as the four division wards.

### Senator Elections:

Since nominations are extended, elections will also be extended. We can consider shortening campaign week and the election so that we can have a senate on time.

We also want to set up a table outside the cafeteria so that we can reach out to more people personally to convince them to send nomination forms. We also have stuff to hand out at the table.

Vote to shorten the voting and campaigning period to Monday-Thursday (Sept. 7-10) to have training on the following Tuesday so we can meet as a senate on the following Thursday:

5 yes 0 no

### Senate considering Covid-19:

It is necessary to have a Sergeant at Arms to enforce Covid procedures and, regardless of practicality, we should try to get one.

We also need to make POs for nametags, binders, and other supplies.

Jamilynn and her mom can make masks for the Senate.

### Senate Venue and Accommodations:

Parliamentarian Alexander thinks it would be a good idea to make an SGA canvas to facilitate discussion boards, polls, and facilitate more student involvement. The rest of us agree but we would have to figure out how to make one.

We need to figure out how to facilitate zoom webinar in our venue.

#### Executive Desks:

We have to start the process of ordering desks all over because every time we try to order them, something goes wrong. It will be a good idea to ask the business office to order them quicker than last time. We will find more desks and explore our options in the group chat.

#### Open Discussion and Announcements:

Constitution day: we can do a voter registration drive and order some pocket constitutions to hand out. Additionally, we can make a survey just for fun.

OSGA Presidents retreat: Korbyn and Matthew need to sign up.
